& Quality Services  
Aptar North America*

◆ Designing and manufacturing products in highest standards, in accordance with relevant US and European Food Contact, Cosmetic, Chemicals and Packaging & Waste Packaging regulations.

◆ Ensuring the continuous evolution of our strategy by monitoring, evaluating and communicating regulatory developments.

◆ Proactively working with regulators and other relevant stakeholders for the continuous improvement and the clarification of the regulatory framework.

◆ Requiring supply-chain partners to meet the same high standards of quality, sustainability, safety and regulatory expectations.

◆ Using leading-edge technology for sustainable development.
